ABSENCES AND EXCUSES

Students are expected to attend school regularly and present a valid written excuse, signed by a parent/guardian or present a medical excuse for all absences. A valid excuse must list the date of absence, the reason, and the telephone number and signature of the parent/guardian. The excuse must be presented to the front office within 5 days of the student's return to school.

A. Lawful Absences shall include the following:

1. Students who are ill and whose attendance in school would endanger their health or the health of others.
2. Students who have a serious illness or death in the immediate family.
3. Recognized religious holidays of their faith.

Note: Students who are suspended "in-school" will be counted present.

B. Unlawful/Unexcused Absences shall include:

1. Students who are willfully absent from school **without** the knowledge of their parents.
2. Students who are absent beyond 10 days without a medical excuse. Only 10 parent notes are accepted. **After the 10th absence, medical excuses are required.**

C. DHEC EXCLUSION LIST

DHEC has developed Exclusion Lists to help parents decide when children are too ill to go to school. Please visit the DHEC website at www.scdhec.gov/health/disease/exclusion.htm or ask the school nurse for a brochure for more information.

D. Intervention

After three consecutive unlawful absences or a total of five unlawful absences, (for reasons other than suspension) the child is considered truant, and a school official will notify the parent to arrange a conference. The purpose of the conference will be to develop a plan in conjunction with the student and parent/guardian to improve future attendance. The plan shall be written and shall identify the specific reasons for the unlawful absence.

The district plan for improving students' attendance shall include but is not limited to the following:

1. Reasons for unlawful absences.
2. Methods to resolve cause of unlawful absences.
3. Action to be taken in the event unlawful absences continue.
4. Signature of parent/guardian or evidence that an attempt has been made to involve parent or guardian.

TRUANCY – A child ages six to 17 years meets the definition of a truant when the child has three consecutive unlawful absences or a total of five unlawful absences. Students with ten or more unexcused absences can be referred to the Truancy Court. Parents will be notified as part of the intervention plan prior to being referred. All additional days are subject to approval and may result in credit being denied.

HABITUAL AND CHRONIC TRUANCY

The district may refer habitual and chronic truants to the truancy or family court in accordance with state board of education regulation 43-274. A "**habitual**" truant is a child who fails to comply with the intervention plan developed by the school, the child and the parent(s)/legal guardian(s) and who accumulates two or more additional unlawful absences. A "**chronic**" truant is a child who has been through the school intervention

process, has reached the level of a "habitual" truant, has been referred to family court and placed on an order to attend school and continues to accumulate unlawful absences

E. Course Credit (Algebra I, English I, Digital Literacy and Google Basics)

Any student who attends a class fewer than 170 days (85 for Semester classes) may not be eligible to receive credit in the class unless the local school board grants approval for each excessive absence in accordance with local board policy.

Constitutional and Statutory Provisions:

1. S.C. Code, 1976, as amended:
 - Section 59-65-90-State Board to establish rules and regulations defining lawful and unlawful absences.
2. State Board of Education Regulations:
 - Regulations for immediate implementation-Student Attendance, Lawful and Unlawful Absences, August 1, 1984.

ACCIDENT INSURANCE

School accident insurance is provided for all students in District 2. This insurance is secondary and will pick up (not necessarily entirely) when the primary insurance has finished paying. ALL CLAIMS MUST BE FILED WITHIN 90 DAYS OF AN ACCIDENT.

ATHLETICS

Our purpose is to win honorably, display good sportsmanship, and create a competitive situation which will help our participants to become better citizens in the society in which they live.

The following sports are sponsored by the Boiling Springs Athletic Department for grades 7 through 12: golf, football, baseball, basketball, soccer, tennis, track, wrestling, swimming, cheerleading, girls' softball, girls' volleyball and lacrosse.

All students are urged to participate in the sports that best meet their interest and qualifications. As in all other schools involving competitive sports, coaches select those who best qualify in tryouts. The coaches will determine playing time of all athletes.

BETA CLUB

The purpose of the Junior Beta Club is to promote the ideals of academic achievement, character, service and leadership among students. Requirements for membership are as follows:

1. Students must have a 90 or above yearly average in each subject from the previous school year in order to be considered for membership.
2. Students with a poor conduct record will not be considered for membership.

BOOKS

All students are expected to have books and supplementary materials when classes begin. All textbooks are free to students. Fees will be charged if textbooks are damaged or lost. Once textbooks are issued, they become the students' responsibility.

BULLYING , HARASSMENT, AND INTIMIDATION

Harassment, intimidation, or bullying is defined as a gesture, an electronic communication, or a written, verbal, physical, or sexual act that is reasonably perceived to have the effect of:

1. harming a student physically or emotionally, damaging a student's property, or placing a student in a reasonable fear of personal harm or property damage; or
2. insulting or demeaning a student or group of students causing substantial disruption in or substantial interference with the orderly operation of the school.

Consequences for students who engage in harassment, intimidation, or bullying may include, but not be limited to, mandated counseling, in-school suspension, out-of-school suspension, or expulsion from school, based on the severity of the incident.

BUSES

Director of Transportation – Jan Johnson

Late Bus - To aid parents in obtaining information concerning interruptions in bus schedules, the district has implemented a voice mail telephone service. **The bus information number is 342-2046.** To speak directly to the transportation office, the number is 599-9564.

Spartanburg County School District Two School Bus Discipline Policy

If you have any concerns about the buses, the bus drivers, or departure and arrival times for buses, please call 599-9564.

The School Board of Spartanburg County School District Two, the Superintendent and District Administrators are concerned about the health and safety of all students in the district. Therefore, we are certainly concerned about student passengers and driver safety where buses are concerned. Although riding a bus is a *privilege* afforded our students, the Board and District Administration feel that the privilege should not be abused. Necessary action will be taken promptly at all times. Where there is evidence of misconduct by either the passengers or drivers on our buses, immediate action will be taken to correct the situation and/or remove the passenger(s) or driver(s) from the bus(es).

The Director of Transportation will have the responsibility of supervising the drivers, and respective school principals and/or assistant principals will investigate and enforce the bus discipline code of the district in dealing with passengers.

The topic of conduct where bus passengers are concerned is addressed in the South Carolina Code of Laws in the following section:

SECTION 59-67-240. Duties of Driver and Discipline of Pupils for Misconduct

The driver of each school bus shall cooperate with the teachers in their work in the school to which he is transporting pupils by being on time in the mornings and waiting in the afternoons until all pupils are dismissed by the school faculty and safely aboard the bus. The driver also shall take notice along his route in the bus. The driver shall be responsible for maintaining good conduct upon his bus and shall report promptly to governing head of the school, to or from which the pupils are transported, any misconduct or violation of the driver's instructions by any person riding his bus.

District boards of trustees in this State may authorize school administrators to suspend or expel pupils from riding a school bus for misconduct on the bus or violating instruction of the driver.

This section, and others which are applicable to buses and pupil transportation, will be used to enforce appropriate student conduct on all District Two buses. The Board of Trustees, Superintendent, nor the District Two Administrators will tolerate behavior that might lead to an accident or injury on our buses. The privilege of riding a bus will, when necessary, be denied as the safety of students is of utmost importance. The state law states that the school bus driver shall be responsible for the conduct of passengers while riding in the bus under his control, and that the driver shall report to school authorities, to or from which the students are transported, any offenses committed by the student on the bus.

Each bus driver should know the students who are to ride his or her bus. If a bus driver permits an unauthorized student to ride his/her bus, he/she will be subject to a possible suspension.

Realizing that the maintenance of good discipline on a school bus is a very difficult task, our drivers need all the help which the principals can render to them. Each school bus incident report is to be mailed to parents.

All existing regulations and laws in the state of South Carolina, as they apply to pupil transportation, will be enforced by the appropriate school officials and/or other authorities. These regulations/laws will be applied to any reported misconduct and subsequent disposition of cases of misconduct.

Should there be misconduct reported that is not addressed in the levels presented here, the individual principals will use their discretion in dealing with the matters. The Director of Transportation is always available for conferences and/or consultation where misconduct referrals are concerned.

When incidences occur involving students from two or more schools, the administrators in charge of buses at each school shall consult with each other as to the disposition of the problem.

When a student is suspended from riding a bus, he/she cannot ride another bus during the suspension. Should a student ride another bus while under suspension from his/her regular bus, he/she will be subjected to further disciplinary action by his/her school authorities and a parental conference will be required.

Any student who has been referred in any previous year beginning in grade 6 and has reached the point where he/she has been removed from the bus for the remainder of the school year, can be removed from the bus for the remainder of any new school year if he/she is referred due to any misconduct on the buses of School District Two. All records (bus referrals) of those students who have been removed from the bus for a school year will be forwarded to the next school principal so that appropriate decisions can be made regarding student misconduct. Care should be taken to see that the Director of Transportation will also monitor those students who have been chronic problems on the district buses.

BUS RULES

1. Book bags and other items must be held in lap.
2. No eating, drinking.
3. Keep all body parts inside the bus.
4. No profanity.
5. Do not distract the driver.
6. Remain seated while the bus is in motion.
7. Students must have a bus pass to ride a bus to a different stop.
8. The driver or monitor may assign seats.
9. Do not spray anything while on the bus.
10. Vandalism (cut seats, graffiti, etc.) will not be tolerated.

Due to most buses being at or near capacity, parent notes authorizing students to ride on an unassigned bus can no longer be honored. Permission to ride a different bus cannot be granted except in critical circumstances that should be discussed with the student's principal in advance. Unexpected riders can result in overcrowded buses or extra routes. With parent authorization, students have in the past been allowed to ride home with a friend on the friend's bus. To keep numbers within capacity, only students assigned to a bus will be allowed to ride that bus unless an exception is granted for an unusual situation that can be accommodated. We appreciate your understanding as we implement this change with student safety in mind.

Cell Phone Policy:

Students in grades 6-12 are permitted to have cell phones at school. The cell phones are not to be visible or used during the school day. Phones cannot be taken out at anytime during the school day or at anytime inside the school building. Cell phones should be *turned off* during the school day. Students are not to make or receive cell phone calls or texts during the school day. A violation of these rules will have the following consequences. These punishments are minimum consequences. CHANGE OF ADDRESS

Students are required to inform the office of any changes in address or telephone numbers and must provide proof of residence (utility bill [water, power, cable, land-line telephone], deed, or tax receipt on real estate property).

CHORUS

Music is an important part of both the curriculum and extra-curricular programs at our school. One of the chief aims is the cultivation of a lasting appreciation of good music. The best way to acquire this is through performance. Students are auditioned and observed by the director and placed in chorus according to ability and effort.

CLASSROOM OR SCHOOL DISTURBANCES

No toys, baseball cards, trading cards, playing cards, or any items that would prove disruptive or harmful to another are permitted at school or on the bus.

COURSES/CLASSES

Due to the large number of requests, we are unable to accept requests for individual teachers, for groups of teachers, or for students to be placed with friends. Thanks in advance for your understanding and cooperation in this matter.

The following classes are required for all students: English Language Arts, math, science, social studies, and physical education/health. Students may be placed in differing levels of math and English Language Arts classes based on information from the end of the previous school year, including: grades in each subject, MAP scores, and the spring standardized test scores in math and reading. Students enrolling from schools outside of District 2 must supply guidance with a copy of their last report card and standardized test scores from the previous spring in order to be screened for eligibility in advanced and honors level classes.

Algebra I and English I students are required to take the state-mandated, End-of-Course Examination Program test (EOCEP test) which counts 20% of the students' yearly average for that class. The Algebra I and English I classes count towards a student's cumulative high school grade point average. Since the Algebra I and English I classes carry high school credit, students may not enter Algebra I or English I after the first five (5) school days as this would interfere with students receiving credit for the classes.

DELIVERIES TO SCHOOL

No flowers, balloons, etc. are to be delivered to students.

DETENTION (Lunch)

In an effort to provide a disciplined atmosphere conducive to learning, we have implemented a lunch detention program. Parents will be notified by letter, email, or phone that their child will have or has had lunch detention.

DISTRICT TWO ALCOHOL AND DRUG ABUSE POLICY

The Board adopts the stipulations of the Drug Act passed by South Carolina Legislature. This act states that it is unlawful for a person to knowingly or intentionally possess a controlled substance (depressant, stimulant, counterfeit or illegal drug) unless obtained from or pursuant to a valid prescription or ordered by a practitioner. Any students who violate this act are subject to suspension and/or expulsion from school and prosecution by law enforcement officers. In addition, students are to be notified that any person over 18 years of age who distributes a controlled substance to a person under 18 years of age shall be deemed guilty of a felony and sentenced to not more than 20 years in prison with no suspension and no probation as provided for in the Drug Act. Students are not allowed to knowingly possess, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicant of any kind:

1. on the school grounds during and immediately before or immediately after school hours.
2. on the school grounds at any other time when the school is being used by any school group

3. off the school grounds at a school activity, function or event.
Students using a drug authorized especially for them by a medical prescription from a registered physician are not considered violators of this policy.

VIOLATION CONSEQUENCES:

- A. *POSSESSION, USE and/or under the influence:
 1. If possible, the drugs are confiscated.
 2. Parents or guardians are notified and asked to come to the school.
 3. The violation and accompanying evidence are reported to the police.
 4. The first offense may result in expulsion for the remainder of the school year. A second offense may result in permanent expulsion.
- B. **SELLING, TRANSMITTING (Pushing)
 1. If possible, the drugs are confiscated.
 2. Parents or guardians are notified and asked to come to school.
 3. The violation and accompanying evidence are reported to the police.
 4. The student may be permanently expelled from school.
- C. Students guilty of a combination of offenses (possession, use, under the influence, transmission) are to be disciplined in accordance with the penalty prescribed for the most serious of the multiple offenses.

* Possession is construed to mean on the person himself, in his locker, bookbag, desk, automobile, or any other student property which at the time is or was on school property.

** Distinction is to be made between the casual distribution or transfer of drugs and the so-called "pusher".

A student guilty of the casual sharing of drugs is considered as being in "possession".

Adopted March 23, 1982

DISTRICT TWO DRESS POLICY

The dress code described in this administrative rule applies to all students enrolled in Spartanburg County School District Two schools.

Administrators and faculty members are expected to strictly enforce the dress code at all times.

Violations of the dress code will result in the following:

- Student(s) will be required to return home and change into appropriate attire or parent/legal guardian can bring proper clothing to school or student will be sent to ISS.

DRUG DOGS

Spartanburg School District Two has contracted the services of an outside agency to conduct random drug dog searches to assist us in maintaining a safe, drug-free environment.

EARLY DISMISSAL

RLMS prefers not to dismiss students during the last period of the day unless there is an emergency. Seventh period classes are interrupted more frequently for dismissing students. Therefore, all students leaving early during 7th period will be marked absent for that period no matter what time they are signed out.

Any absence from class counts as one day's absence from that subject(s), and the student is responsible for any missed work. After 10 non-medical absences from school, the student will be counted as unexcused if any additional absences occur without a medical excuse. This includes early departures at the end of the day.

ELECTION FOR STUDENT COUNCIL

The Rainbow Lake Middle School Student Council will have four officers. The President will be elected from the 8th grade. There will be one 8th grade Vice President, one 7th grade Vice President, and one 6th grade Vice President. GUIDANCE

The counselor gives professional advice on courses of study. Adjusting class schedules is another task of the guidance department. The counselor is available for conferences with parents and students. Students are not to go to counselors during regular class periods. Students must have a signed pass from an exploratory teacher to see an advisor. If a counselor is not available at that time, students should complete the appointment request form found in the counselor's door, and return to class. The counselor will schedule a time to meet with the student, typically within one to two days. These procedures are intended to minimize class absences. Cooperation is greatly appreciated.

HALLS

Students are only to be on the hall where they are assigned classes. Students are not to run in the halls. Loitering anywhere in halls is not permissible. Students are not to block the doorways or hallways. **STUDENTS IN THE HALL DURING CLASS TIME MUST HAVE A HALL PASS.**

If a student becomes sick at school, and is too sick to remain in class, he may call home from the classroom where he is located. He may also request a pass to the nurse's office. Upon return to school, the student should bring a note explaining his absence.

LIBRARY / MEDIA CENTER

The library offers to all students a collection of books, eBooks, magazines, newspapers, for use in preparation of class assignments, research, and reading. The librarian and library assistant are available to assist students with locating information resources to meet their needs.

Entering the Library- Students will need a pass from their teacher to visit the library unless their entire class is scheduled to the library. Students who are coming to the library without their teacher will need to show their pass to the librarian or library assistant when entering the library and sign the sign-in sheet at the circulation desk. Students are expected to enter the library in a quiet and orderly fashion and to work quietly while in the library. Students without a teacher may be limited to 10-15 minute time increments in the library which will provide them with the necessary time to locate information resources to meet their needs.

Exiting the Library- Students, who are not accompanied by a teacher, will need permission and a pass from the librarian or library assistant to leave the library in the middle of a class period. Students may exit the library at the end of a class period when the bell rings. Students are expected to leave the library in a quiet and orderly fashion. Students are encouraged to use the restroom and visit their lockers if necessary before coming to the library since these facilities are not in close proximity to the library.

Library Use- Students are encouraged to come to the library during the school day with their teacher's permission in order to use the library's resources. Students are expected to actively use library resources such as books and/or computers and to be productive while in the library. The library is not intended to be a place to socialize or to be viewed as an alternative to attending scheduled classes, but rather it is as a place of learning intended to support and enhance our students' educational experiences. The library is open 30 minutes before school and 30 minutes after school. Students should seek permission from their parents and make necessary transportation arrangements ahead of time if they will be coming to the library after school.

Loan Period- All fiction and most non-fiction books in the library may be checked out for a one-week period and may be renewed one time, unless there are students or teachers waiting

for a particular title. Certain books may be reserved by teachers for projects and these books may be temporarily restricted from check out by students. Such books would be available for use in the library or classroom only to ensure that many students can have access to the needed materials. Oversized books and reference books will be available for in-library use only.

Overnight Materials – Magazines may be checked out for overnight use only. They must be returned by 8:00 a.m. the following morning.

Library Fines – Overdue fines are charged for days when school is in session. Fines are assessed according to the following plan: Ten (10) cents per day for overdue overnight material and 5 cents per day for all other overdue materials.

Lost and Damaged Library Book Fees- Fees will be charged for books that are lost or damaged. Fees for lost library books will be determined based on the replacement cost of the book, and fees for damaged library books will be determined based on the severity of the damage not to exceed the replacement cost of the book. Students are expected to return library books clean and in good condition. Library books should not be stored or kept for long-term periods in backpacks as they tend to be damaged by heavier and larger textbooks. Students are asked to bring damaged books directly to the librarian's attention rather than placing them in the book drop. Students are encouraged to see the librarian if they have lost a library book in order to obtain the replacement cost of the book and to make payment arrangements.

LOST BOOKS (Library or Textbooks)

If a book is lost, the price of the book will be charged to the student. If the book is found after it has been paid for, the student will be given a refund (minus the fine, if a library book, which accumulated from the time the book was due until it was found).

LOCKS

All students are to keep lockers locked. A school issued lock must be kept on lockers at all times. If this lock is lost, it must be replaced at the student's expense. The cost of replacing a lost lock is \$5.00.

LOCKERS

Each student will be assigned a locker. Lockers will be used before school, during locker breaks, and after school. Each student remains responsible for any books or possessions wherever he puts them. No books or materials are to be left anywhere except locked in lockers. Students are not to share lockers with other students.

Lockers are under the jurisdiction of school authorities, and failure to keep the locker locked is a violation that can result in the loss of a locker. Fourth period teachers have initial responsibility regarding locker supervision.

LOST AND FOUND

Any item lost on the school grounds should be reported to the office. Clothing will be kept in the lost and found bin located next to the stage in the cafeteria. Other items should be turned into the office. Any items not claimed by the end of each semester will be donated to needy families.

LUNCH PROCEDURES

One of the aims and purposes of the cafeteria is to promote good lunch habits. If a plate of food or any paper products are dropped, the student is expected to clean it up. Students should never break in line. Holding places in line for friends is not permitted.

**Spartanburg District 2
Notification of Use of Public Benefits
(Medicaid) or Insurance To Pay For
Services Under the IDEA**

This notification is to inform you of the intent of the Spartanburg District 2 and the South Carolina Department of Education (SCDE) to bill Medicaid and/or third party insurance and receive payment from Medicaid and/or any third party insurer for health-related services, as permitted under Part B of the Individuals with Disabilities Education Act (IDEA), and as set forth in your child's individualized education program (IEP). The district or agency and the SCDE may also bill Medicaid for psychological evaluation services, nursing services, and other health-related treatment services billable to Medicaid without the requirement of an IEP. The district or agency must provide this notice to you prior to requesting your consent to bill Medicaid and/or any third party insurance and once a year thereafter for services that the district or agency will provide in the future.

This document also serves as notice that the district or agency and the SCDE will release and exchange medical, psychological, and other personal identifiable confidential information, as necessary, to the Department of Health and Human Services and any applicable third party insurance carrier regarding health-related services provided to your child.

Medicaid reimbursement for school based health-related will not affect any other Medicaid services for which your child is eligible. The district or agency cannot bill Medicaid or your child's insurance program if it will decrease available lifetime coverage or any other insurance benefit, result in the family paying for services that would otherwise be covered, increase your insurance premiums, or risk loss of eligibility for waived programs. Your child will receive the services listed in the IEP regardless of whether you enroll your child in public or private benefits or insurance programs and whether or not you provide consent for the district or agency to bill Medicaid for services. Your refusal to allow access to Medicaid or any third party insurance carrier does not relieve the District or agency of its responsibility to ensure that all required services are provided at no cost to you.

Any previous, current, or future consent to bill Medicaid or insurance was voluntary and you may revoke your consent at any time. If you choose to revoke consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked).

The District or agency and the SCDE will continue to operate under the guidelines of the Family Educational Rights and Privacy Act (FERPA) to ensure confidentiality regarding your child's treatment and provision of health-related services.

DIRECTORY INFORMATION

Students participate in a variety of school-related events and activities that are subject to some form of publicity—from honor rolls to media coverage of special events. In publicizing student accomplishments or school events, due care is taken to ensure that it serves the best interest of students. A school or district office employee is present whenever a student is photographed or interviewed. Information about students may appear in newspaper articles, on television, in radio broadcasts, on displays, on the World Wide Web, or in district or school promotional pieces (school annuals, brochures, fliers, newsletters, programs for sports or cultural events, television shows, videotape, websites, etc.).

The Family Educational Rights and Privacy Act allows schools to release “directory information.” The District considers the following as directory information: age, name, the most recent school attended, participation in officially recognized activities and sports, weight and height of athletic team members, dates of attendance, diploma or certificate and awards received, and photographs.

With the exception of electronic images related to school-sponsored or district-sponsored events, activities, and special recognitions, the District will treat all video recorded of students through surveillance videos on District property or school buses as student records entitled to confidentiality pursuant to the Family Educational Rights and Privacy Act and other applicable federal and State laws.

In addition, federal laws require schools to provide military recruiters, upon request, with three directory information categories—names, addresses, and telephone listings—unless parents have advised the school that they do not want their student's information disclosed. If for some reason you object to your child's inclusion/identification in publicized school recognitions/events/activities, including a school or District-maintained website/social media page, or wish to opt out of the provision for contact information to the military, you must, within 15 days of registration, advise the principal in writing (annually) of the specific type of directory information to withhold.

EDUCATION RECORDS

A student's cumulative education record contains directory information, scholastic information, standardized test data, health records, and other similar information. Individual student records are not available for public inspection. However, the Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student's education records:

1. To inspect and review the student's education records within 45 days of receipt of written

request for access.¹¹¹ Parents or eligible students should write to the school principal, identifying the record(s) that they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.¹¹² To request the amendment of the student's education records that the parent or eligible student believes to be inaccurate or misleading (FERPA provisions do not apply to grades and educational decisions made by school personnel)

Parents or eligible students may ask Spartanburg County School District Two to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identifying the part of the record they want changed and specifying why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and of the right to a hearing regarding the request for amendment. With this notification, the district will provide additional information regarding hearing procedures.

3. To consent to disclosures of personally identifiable information contained in the student's records, except to the extent that FERPA authorizes disclosure without consent

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement personnel); a person serving on the school board; a person/company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee (such as disciplinary or grievance committee) or assisting a school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request and without consent, the district discloses education records to officials of another school district in which a student seeks or intends to enroll.

4. To file a complaint with the US Department of Education concerning alleged failures by the district to comply with the requirements of FERPA

STUDENT DISCIPLINE POLICY

A positive learning environment is safe, drug free, and without disruption. Good student conduct is essential to the achievement of the school's goals and objectives. This Code of Student Conduct establishes guidelines for students, parents, teachers, and administrators to maintain an appropriate school environment. The provisions in this Code of Student Conduct provide for firm but fair administration of disciplinary measures with an appropriate range of discretion for the application of consequences for behavioral needs, based upon individual assessments of every case, and in compliance with the philosophy set forth below.

Disciplinary action is best resolved among teacher, student, and parent in a calm, reasonable manner. However, serious violations of the Code must be handled quickly and effectively by the Administration. The objective of disciplinary action is to encourage good choices and

acceptable behavior by the students with every reasonable effort being made to keep students within the school's influence, to rehabilitate and re-direct inappropriate behaviors and to offer effective strategies for changing such behaviors and opportunities to do so except in very serious circumstances. Insuring the welfare of the greatest number of students can, in certain circumstances, and in accordance with state law, result in the dismissal of students who consistently fail to observe the required standards, or become involved in criminal or other egregious misconduct. Although this Code of Student Conduct provides for an initial recommendation of expulsion for certain Level 3 offenses listed in this Code, the Hearing Officer reserves discretion to consider the merits of each case presented with particular regard to extenuating, mitigating, or aggravating circumstances. Whenever alternatives to expulsion are under consideration, such matters including (but not limited to) prior conduct (disciplinary record), academic achievement, citizenship, and contributions to the regular and extra-curricular school programs by the student may be considered. Preferential treatment for the purpose of maintaining athletic or extra-curricular eligibility is not allowed. This District's disciplinary code is not considered, nor is it to be interpreted as, a *zero tolerance* policy, even though certain misconduct may be serious or disruptive enough to warrant dismissal from school.

CATEGORIES OF OFFENSES AND DISCIPLINARY PROCEDURES Spartanburg School District 2^(L)_(SEP) MIDDLE SCHOOL CODE OF CONDUCT

Though not specifically mentioned in the list of behaviors, students may be suspended or recommended for expulsion for first-time offenses or any act which is detrimental to the good order, best interest, and physical safety of the school. The student may be disciplined according to the nature and degree of the offense or act at the discretion of the administration.

Levels of Offenses

The disciplinary code is divided into three levels as defined in state law. The provisions of this code apply not only to within school activities, but also to student conduct at any school

sponsored or sanctioned event and on school buses, activity buses, or vehicles rented or leased to support school activities. The three levels of offenses are as follows:

1. **Level I**--Disorderly conduct is defined as those activities engaged in by student(s) which tend to impede orderly classroom procedures or instructional activities, orderly operation of the school, or the frequency or seriousness of which disturbs the classroom or school. ^{[[L]]}_{[[SEP]]}

2. **Level II**--Disruptive conduct is defined as those activities engaged in by student(s) which are directed against persons or property, and the consequences of which tend to endanger the health of oneself or others in the school. Some instances of disruptive conduct may overlap certain criminal offenses justifying both administrative sanctions and court proceedings. Disorderly conduct (Level I) may be reclassified as disruptive conduct (Level II) if it occurs three or more times. ^{[[L]]}_{[[SEP]]}

3. **Level III**--Criminal conduct is defined as those activities engaged in by student(s) which result in violence against oneself or another person or property or which pose a direct and serious threat to the safety of oneself or others in the school. These actions usually require administrative actions which result in the immediate removal of the student from the school, the intervention of law enforcement authorities, and/or action by the local school board. ^{[[L]]}_{[[SEP]]}

Students can be punished for multiple offenses under this regulation. For example, a student cuts the last three periods and has lunch at a local restaurant. That student will be punished for cutting classes and leaving campus without permission.

**Please consult the District Middle School Code of Conduct for specific Level infractions.
